Scotland's Best Value Salmon Fishing

Upper Kinnaird

GETTING THERE

Turn left on a single-track road just before entering Logierait (coming from the A9; no signpost; just after a "road narrows" sign, and about 100m before the Logierait Inn).

Go over the old railway bridge and immediately turn hard left towards the river and drive along track past holiday cottages towards the fishing hut

Access to right bank

Cross bridge turn hard left towards river and follow track past holiday cottages

Holiday Cottages

NB: On occasion the Ghillie, Martin Edgar will be in the Lower Kinnaird hut. You will know that because you will have phoned him the night before. If that is the case you need to report to him before 9am at the lower hut (circled). There is a riverside track all the way to the Ballinluig bridge.

Approaching Ballinluig junction you will see the sign below.

**As you approach the turn off, you will see a P sign and the cottage beyond.
The turn off is just beyond the cottage**

Turn in here

The Upper Kinnaird beat on the Tay stretches from above our own Logierait beat to just below the Tay/Tummel junction. It also includes the lowest stretch of the Tummel from just above the bridge at Ballinluig to the lower march on the Tay.
